REASONS FOR ALLOWANCE

3. The following is an Examiner's Statement of Reasons for Allowance:

Claims 1-14 are allowable over the prior art of record.

The examiner has found that the prior art of record does not teach or suggest or render obvious a specific combination of a method and a system for cooking device capable of accessing a communications system, a high speed oven for combining hot air impingement cooking and microwave cooking, comprising: memory media for storing cooking programs (major difference in the claims not found in the prior art) divided into a predetermined duration of states in a cooking cycle which are capable of running for a predetermined percentage of a total cook time, defined high speed cooking routines for alternating hot air impingement cooking and microwave cooking at fixed increments of capacity for a predetermined time; a gateway server communicatively coupled to a plurality of household systems and a programmable controller for managing the communication of digital data content which is at least in-part related to operation and utilization of the high speed oven; and a broadband communication channel for delivering particular digital data content to the high speed oven through the gateway server for distribution within said residence including distribution to the programmable controller of the high speed oven in order to facilitate cooking operations utilizing the high speed oven as set forth in the specification and recited in the independent claims 1 and 8.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Examiner's Amendment / Reasons for Allowance."
